

CREATIVE OPPORTUNITY

For young people aged 14-24

As our government continues to provide more promises on green agendas, from the acceleration of Climate Change to Carbon Neutral targets, how are young people championing the need for immediate change?

Operation:LEGACY is an opportunity to be part of the solution. A Project with young people at its core, a platform for youth voice and a vision for the future from those who will have to live in it.

We are looking for young people with an interest in the creative industries to be part of our new community engaged theatre show, **Operation: LEGACY**. The project is open to young performers and writers as well as young people with an interest in technical theatre, set/costume design, producing, writing and music performance.

The project will be created over 4 development days:

- » Saturday 14 January
- » Saturday 4 February
- » Saturday 18 February
- » Saturday 4 March

Young people can be involved in all or a selection of these dates and participation in the development days does not commit the participant to performance.

HOW CAN I GET INVOLVED?

If you would like to be involved in the project please visit lanternhousearts.org/ol-recruitment or contact communityengagement@cumbernauldtheatre.co.uk and add **Operation:Legacy** in the subject line.
